FIT INDIA MOVEMENT

DPS 84 is dedicated to nurturing holistic development among students. In alignment with the Fit India Movement, initiated by the CBSE, Government of India, we've undertaken various initiatives to promote physical fitness and well-being among our students. One of our recent initiatives under the Fit India Movement involved conducting a poster-making competition centred on the theme of promoting a healthy lifestyle among students. This competition was designed to encourage creativity, while also instilling the values of fitness and health in our students' minds. In our pursuit of fostering awareness, we conducted a declamation contest. Students eloquently deliberated on the topic 'Digital Technology has taken away the essence of Outdoor Games,' offering perspectives on the impact of technology on physical activities. A knowledge-testing quiz on the 'Fit India Movement' was organized, encouraging students to delve into the intricacies of fitness-related facts, history, and practices. The school also held an advertisement writing competition where students creatively crafted advertisements promoting fitness activities and healthy habits. To further engage with the theme, students participated in extempore sessions and poem recitations centred on 'Fit India'.

VAN MAHOTSAV MATH ACTIVITY

To prepare for Van Mahotsav there was a competition among the different groups of the class. Each row was allotted a part of the school garden in the form of different shapes, which was shown by paper cutouts of the shapes. The students were expected to protect it on boundary by fencing using the thread, for which gave them the idea of perimeter. They used graph paper for showing the green area inside the given shape. All the groups presented with enthusiasm and gave the presentation in the class in front of other group competitors. Each group calculated the length outer boundary which is called the perimeter and the surface of the region inside the boundary which is called its area.

VAN MAHOTSAV MATH ACTIVITY

RECIPE PRESENTATION

Students in the French class experienced learning in a fun & exciting manner by engaging themselves in a task, assigned by their teacher Through their recipe presentation they learned new French vocabulary words and used them in conversation practices. Student engagement was at its best in presenting and preparing the recipes of burgers, sandwich, salad and lemonade. The students participated with a lot of fun and enthusiasm.

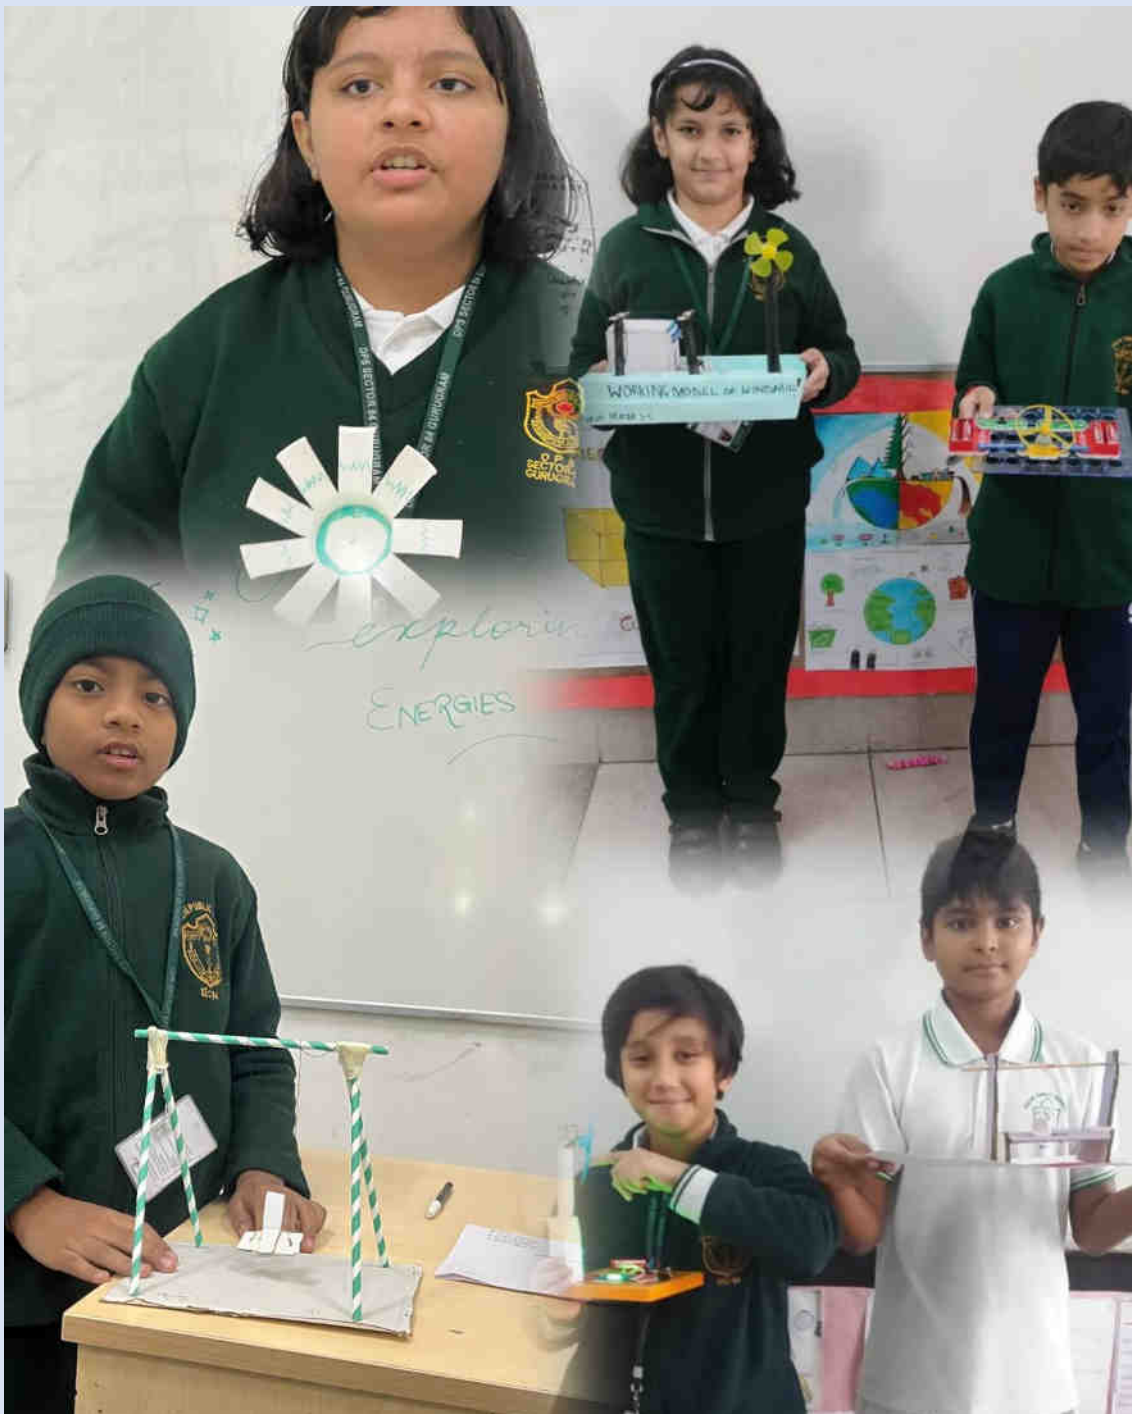

SCIENCE EXPLORATION

Join us on a captivating journey through the world of science as our 5th graders explore both the fascinating forms of energy and the ingenious types of simple machines! From the kinetic dance of motion to the lifting power of levers, students engaged in hands-on experiments and a mesmerizing modal presentation, unravelling the secrets of our dynamic universe. Let's celebrate the thrill of discovery and ignite a lifelong passion for understanding the forces that shape our world.

ARMED FORCES FLAG DAY

Since 1949, 7th December is observed as the 'Armed Forces Flag Day' throughout the country to honour the martyrs and the men in uniform who valiantly fought on our borders to safeguard the country's honour. Soldiers are one of the greatest assets of any country. They are the guardians of the nation and protect its citizens at all costs. To fulfil their duties, soldiers have sacrificed a lot of things in their lives. The country is forever indebted to these gallant heroes who lay down their lives in the service towards the motherland. It is our duty to not only show our admiration for the martyrs and the living heroes who were wounded while doing their duties but also their families who have been a crucial part of this sacrifice. Apart from Government measures at the Centre and the State level, it is the collective duty of every citizen of our country to make his/her unstinted and voluntary contribution towards providing care, support, rehabilitation and financial aid. Flag Day brings to the forefront our commitment of looking after our war disabled Soldiers, Veer Naris and the families of Martyrs who have sacrificed their lives for the country.

ARMED FORCES FLAG DAY

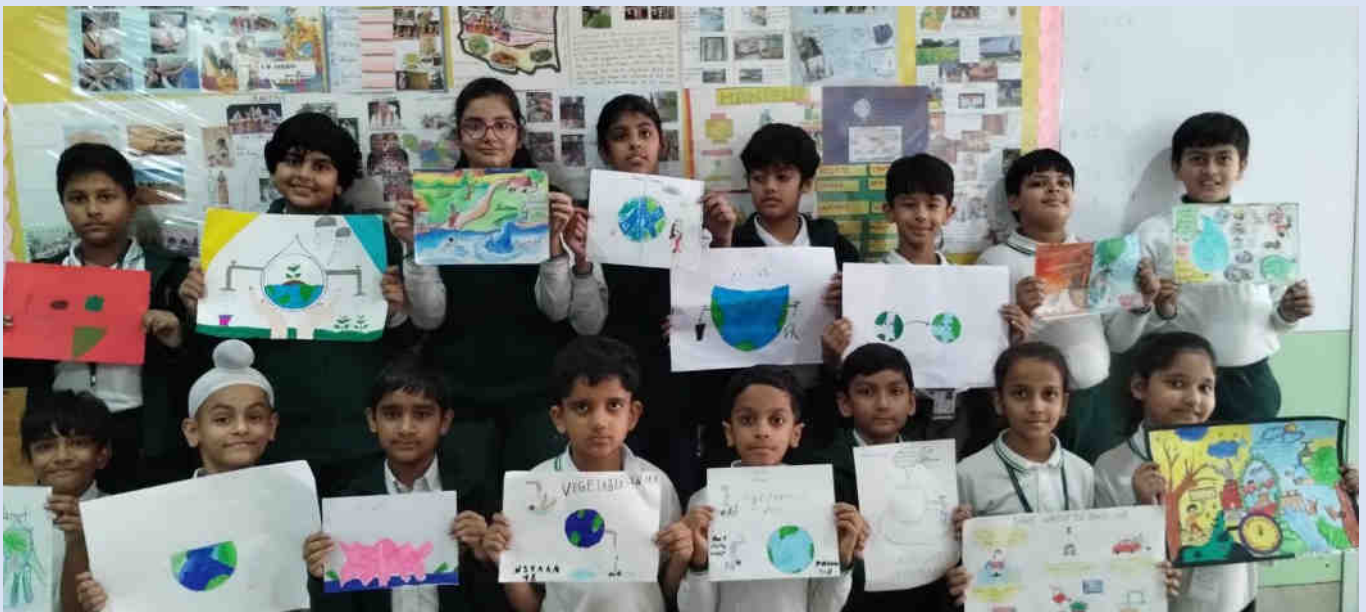

POSTER MAKING

CBSE POSTER MAKING

The school recently organized a CBSE poster making activity for students, centred around the crucial theme of "Save Water in Daily Use." The event aimed not only to encourage artistic expression but also to instill a sense of environmental awareness and responsibility among the young minds. This painting competition, fostered artistic skills and cultivated a sense of environmental consciousness among the young participants. By encouraging students to explore and communicate crucial messages through art, the school played a vital role in shaping responsible citizens who are mindful of their impact on the planet.

ONLINE SESSION-

BY MR. ANANTH KASIBHATLA

DPS 84 organized a session for grade X and XII with Mr. Ananth Kasibhatla, a professional speaker, corporate trainer, author and a Limca Book of Record holder on Focus, Memory and Learning skills. Students and parents attended the online session where Mr Anant discussed the secrets of best-mode retention orient yourself for success, and master time calibration with practical insights tailored for students. He also spoke about the art of mindfulness and self-audits to unleash your true potential while discovering effective strategies to disengage distractions and stay laser-focused. It was an empowering session designed to equip students with the tools needed to excel academically and beyond!

STORY TELLING

Embarking on an enchanting journey guided by the teachers, the Nursery students delved into the realm of cleanliness, discovering how each little helper can contribute to making the world shine. In a captivating story session titled 'Cleanliness', our tiny tots were led by their teachers to explore the significance of cleanliness and the ways in which they could maintain a clean environment. The takeaway from the story was a valuable moral— Keep your surroundings clean!

Instilling Practice of Cleanliness
through Storytelling

STORY TELLING

COLOURING COMPETITION

Nursey Class was a burst of joy during a Colorful Adventure – a delightful *colouring competition* that filled their hearts with excitement! The school witnessed the magic of young artists as they turned their imagination into vibrant hues! Children participated with zeal and showed their talent. It helped them in exploring new ideas, creativity as well as get a sense of colours.

Well Done Little Artists!!

COLOURING COMPETITION

WORLD CONSERVATION DAY

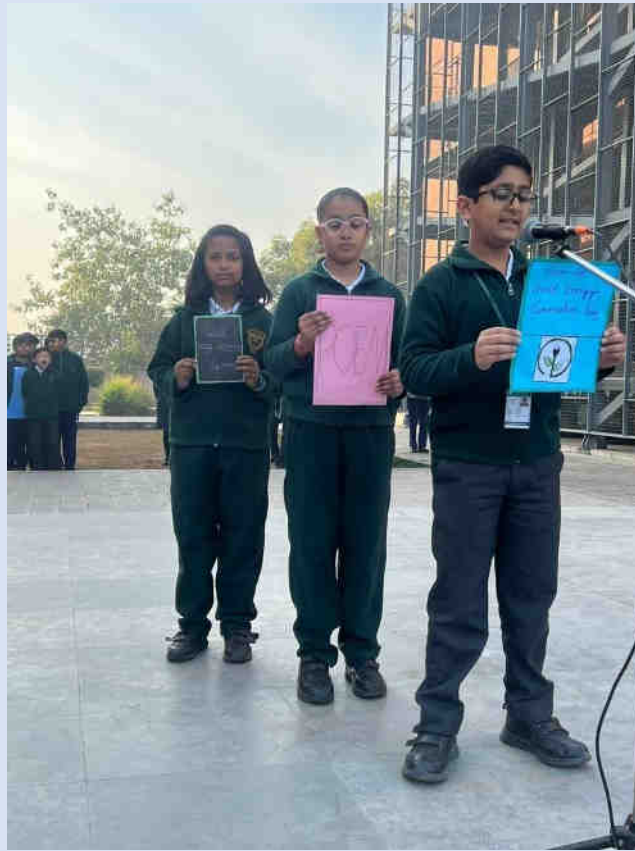

World Energy Conservation Day is celebrated on 14th December globally to highlight the importance of energy consumption and its use in our day-to-day life, its scarcity and its impact on the sustainability of global ecosystems. It focuses our attention on significant issues facing the future of mankind with respect to energy. This Day serves to spell a sense of urgency on the issues involved. The assembly by grade VI-C was a memorable and enriching experience! Students once again reminded us of the importance of energy conservation. The session culminated with the quote –‘Let’s nurture nature so that we can have a better future’.

SCHOOL ASSEMBLY

ASSEMBLY

Celebrating Vijay Diwas in our School Assembly!

Grade VI D of DPS 84 presented a special assembly, to commemorate Vijay Diwas, honoring the valor and sacrifices of our brave soldiers. It was an assembly filled with pride, respect, and a deep sense of gratitude. The assembly commenced with an insightful speech highlighting the significance of Vijay Diwas, narrating the heroic tales of our armed forces and their triumph in the 1971 Indo-Pak war. Following the speech, a gripping quiz was organized, testing our knowledge about the historical events and personalities associated with Vijay Diwas. Students showcased their awareness and enthusiasm, displaying their reverence for this pivotal day in our nation's history. The event served as a reminder of the courage, dedication, and sacrifice of our soldiers who selflessly protect our country. It was a moment to honor their unwavering commitment to safeguarding our freedom. Let's carry forward the spirit of Vijay Diwas by recognizing and appreciating the sacrifices made by our armed forces. Together, let's salute their bravery and uphold the values they stand for.

ASSEMBLY

ASSEMBLY

SCHOOL ASSEMBLY

Grade VII of DPS 84 conducted a special assembly on the occasion of National Mathematics day, which was a true testament to the magic of numbers and the beauty of mathematical concepts! In a mesmerizing fusion of art and math. Our talented students showcased, classical dance movements gracefully depicting various angles of geometry, weaving a visual tapestry of shapes and dimensions. But that's not all! Hold your breath as one of our students from Grade VII astounded us all— blindfolded, he flawlessly arranged a cube, leaving us in awe of his spatial awareness and mathematical mastery. Adding another layer of excitement, our young mathematicians exercised their mental math muscles! They calculated their peers' birthday dates and even their pocket money, showcasing impressive arithmetic skills and fostering a spirit of fun and camaraderie. This assembly wasn't just an event; it was a celebration of the endless possibilities that math unfolds and the incredible talents our students possess. It was a day where numbers danced, shapes came alive, and minds were illuminated by the wonders of mathematic.

EXPERIENTIAL LEARNING

Grade 1 students of DPS 84, delved into the fascinating world of day and night, discovering the reasons behind these regular cycles. Through engaging activities and discussions, we aimed to provide a simple understanding of why the sky changes from bright and sunny to dark and starry. We started by creating a basic model of the Sun and Earth using simple materials like paper ball and craft supplies. This hands-on activity helped the students visualize the Earth's rotation and how it affects the changes in our environment. This hands-on and interactive activity helped students visualize and comprehend the beginnings and endings of day and night, thereby reinforcing the concept of Earth's rotation.

EXPERIENTIAL LEARNING

EXPERIENTIAL LEARNING

Students of grade 1, experienced the wonder of nature by participating in the ' Germination ' activity. The primary goal of the germination activity is to introduce Grade 1 students to the fascinating process of plant growth. Through hands-on experience, students gained a basic understanding of germination and the factors that contribute to a seed transforming into a seedling.

This germination activity not only provided Grade 1 students with a basic understanding of plant growth but also fostered curiosity and observation skills. By actively participating in each stage of the process, students developed a foundational appreciation for the wonders of nature.

EXPERIENTIAL LEARNING

EXPERIENTIAL LEARNING

So many activities to catch up with,

And we have only seven days in a week!

The little geniuses of Grade I have made it possible to manage their favourite activities with the help of the 'Activity Calendar'. Every day of the week can be exciting and filled with some enjoyable activities. Our enthusiastic learners displayed their creative prowess to make some beautiful looking calendars in the Activity called 'My Activity Calendar'.

EXPERIENTIAL LEARNING

EXPERIENTIAL LEARNING

Sundials hold a timeless significance in reading time, serving as ancient yet reliable timekeeping devices. By harnessing the sun's position, sundials connect us to celestial rhythms, offering a simple and natural way to grasp the passage of time. Embracing the sundial's wisdom adds a touch of tradition to our modern understanding of time measurement and this is what students of grade 2 learned when they made a sundial with readily available materials and used it to find the time. The students were gratified to find their sundials actually working.

EXPERIENTIAL LEARNING

EXPERIENTIAL LEARNING

Exploring the magic of seasons in our Nursery class! Our little ones had a blast creating adorable tree crafts, capturing the essence of nature's beauty.

The children in toddler room have been learning about seasons and the change in weather. So, the kids of Nursery did the earbud printing activity to demonstrate the different seasons which also helped them in eye and hand coordination. This interactive journey not only introduces the concept of seasons but also enhances fine motor skills as little hands express the beauty of change on paper. A hands-on exploration of nature's cycles, this activity combines creativity and learning, making the four seasons come alive in colourful imprints.

INTER HOUSE FOOTBALL FINALS

IX TO XI

As a curtain raiser to our upcoming Annual Sports meet 2023-24, DPS 84 conducted the finals for inter house football championship for grades IX and XI. Since last few days the football trials have created a buzz in the school and the field has been charged with energy as each house gave their all for victory. Cheers echoed and hearts raced as skill and teamwork took center stage. It has been spectacular spirit of sportsmanship and passion for the beautiful game! The day marked an adrenaline-fueled showcase of talent as students battled it out in the finals of Inter House Football Match. The Green House reigned supreme in the Inter House Football Match for grades IX to XI! Congratulations to the powerhouse team for their stellar performance, clinching victory with sheer skill and determination. Their passion on the field was unmatched, showcasing teamwork, agility, and true sportsmanship. A huge applause to all the houses for their unwavering spirit! Let's continue to champion sportsmanship and unity through the love of the game.

ANNUAL FUNCTION

Annual Day Extravaganza at Junior School: Celebrating Little Achievements

It was a magical evening filled with joy and laughter as the Junior School, from Pre -Nursery up to Grade 2, was not just a platform for entertainment; but was a glimpse into the holistic development taking place within our young kids in the classrooms. Through songs, dances, and plays, the children showcased not only their artistic flair but also the values instilled in them throughout the year. The tiny tots, dressed in vibrant costumes, stole the spotlight as they took the stage with confidence and enthusiasm . The Annual Day was not just a celebration of the present but a promise of a bright future filled with curiosity, creativity, and continuous learning. Parents, beaming with pride, witnessed their little ones, shine like stars on stage. Here's to another year of laughter, learning, and countless achievements at our Junior School!
