GANDHI JAYANTI

“Be the change you wish to see in the world.” - Mahatma Gandhi

Our little stars from nursery put up a beautiful assembly for Gandhi Jayanti! They joyfully danced and shared Gandhiji's timeless teachings, including "Bura mat dekho, bura mat bolo, bura mat suno" (See no evil, speak no evil, hear no evil). With innocence in their voices, the kids reminded us of Bapu ji's message of peace, truth, and cleanliness. They also sang the lively "Bits of Paper" song, encouraging everyone to keep India clean, just as Gandhiji dreamed. It was a morning full of learning and joy as our young ones spread the message of Swachh Bharat with enthusiasm.

DRESS N TELL

Our little stars transformed themselves into their favourite animals. Dressed in adorable costumes, they confidently presented fun facts about their chosen animals, showing off their creativity and public speaking skills. Their enthusiasm and excitement lit up the room, making it a memorable experience for everyone.

UNITY IN DIVERSITY

India exemplifies “Unity in Diversity,” showcasing a rich tapestry of cultures, traditions, religions, and languages. Each state has its own unique traditional attire and fashion. In a recent activity conducted, DPS Sec 84, students chose a state to represent, sharing their insights about its culture, food habits, and languages. This engaging experience, not only enhanced their communication skills but also boosted their confidence in self-expression and provided valuable lessons in:

Cultural awareness

Linguistic fluency

National pride

By celebrating India’s diversity, the students built lasting connections with the nation’s rich heritage.

HALLOWEEN

At DPS 84 Halloween celebration was a mix of cuteness and spookiness! The kids looked both adorable and scary in their Halloween costumes, from little ghosts to witches and superheroes. They danced to Bhootnaths with excitement and got crafty by making their own witches during the craft activity. The halls were filled with laughter as the children embraced the festive spirit with spooky stories and fun games. It was a day filled with smiles, creativity, and a little bit of creepiness! A perfect Halloween for our little trick-or-treaters!

ENGLISH ACTIVITY

Learning action words, or verbs, is crucial for students as it enhances their communication skills and language comprehension. Verbs enable children to describe their actions, observations, and feelings, making their speech and writing more vibrant. By utilizing action words, students can express their thoughts clearly and engage more effectively in conversations. Additionally, understanding and using action words improve reading comprehension. When students grasp the verbs in a sentence, they can better understand the text's overall meaning. This foundational knowledge also fosters creativity, as students learn to articulate their ideas through storytelling and imaginative play. Mastering action words not only builds confidence but also lays the groundwork for future language development. To promote non-verbal communication and express ideas without words, students played DUMB CHARADES, where they acted out verbs while others guessed them. They also enjoyed SNAP or CLAP, an activity where they clapped for incorrect sentences and shaped their hands for correct ones. The students thoroughly enjoyed these activities!

ENGLISH ACTIVITY

DIWALI CELEBRATION

Our little ones brought Diwali joy to life with creativity and excitement! The festivities began with Diya Decoration with Glitter and Diya Making Crafts, where they made their own sparkling diyas. Through a lively discussion, they explored the story of Diwali—when Lord Ram returned to Ayodhya, the people celebrated by lighting diyas. We also shared traditions like wearing new clothes, exchanging sweets, and worshipping Lord Ganesh and Goddess Lakshmi. The importance of an Eco-Friendly Diwali was highlighted, encouraging everyone to celebrate responsibly. The celebration ended with sweet treats, a delicious feast, and a fun dance session, helping our young ones learn the joy of sharing and togetherness. Happy Diwali from our DPS 84 family!

LAB ACTIVITY

The students of Grade XI at DPS 84, Gurugram, engaged in an enriching hands-on learning experience in their physics lab. Divided into groups, they explored various experiments that deepened their understanding of core physics concepts.

One of the key activities was the volumetric titration experiment, where students showcased their precision in measurements and chemical handling. They also worked on setting up apparatus to measure the speed of sound in air, demonstrating the principle of learning by doing as they applied theoretical concepts in a practical setting. Additionally, students used a sonometer to determine the frequency of AC mains, combining acoustics and electricity to observe real-world phenomena.

This lab session fostered collaborative learning and critical thinking, allowing students to explore physics beyond textbooks.

DIWALI CELEBRATION

Our Pre-Nursery class celebrated Diwali with great enthusiasm! The tiny tots sparkled with joy as they made colourful diyas and lanterns, adding a personal touch to the festive decorations. Dressed in vibrant traditional attire, they looked every bit the part. The celebration was made sweeter with an array of tasty treats and snacks. Through stories and activities, the children learned about the significance of Diwali, the Festival of Lights, and its message of triumph over darkness.

DIWALI CELEBRATION

DIYA MAKING (GRADE 2)

Diwali, the festival of lights, is one of the most significant celebrations in Indian culture. It marks the victory of light over darkness, good over evil, and knowledge over ignorance. To embrace the spirit of Diwali, we engaged in a special activity—'Diya Decoration'

The activity was designed to encourage creativity, celebrate tradition, and promote cultural understanding. The focus was on decorating traditional earthen diyas, which are used to light up homes and bring positivity during the Diwali festival.

Students were encouraged to use their creativity to transform the diyas using paints, glitter, beads, and other decorative items.

This activity not only helped in understanding the cultural importance of Diwali but also allowed students to engage in a hands-on creative process. It was a fun, enriching experience that brought everyone together in celebration of the festival of lights. The diyas, now beautifully decorated, will surely brighten up homes during the Diwali festivities.

ANNUAL DAY

Our students captivated the audience with their mesmerising performances, each one a masterpiece of hard work, creativity, and enthusiasm, making the evening truly unforgettable!

A big round of applause for all our performers, teachers, and everyone behind the scenes who made this event a success!
