Learn... Lead... Achieve

MARCH 2018

At DPS, our mission is to develop in our students, a strong sense of self-worth and responsibility to prepare them to become life-long learners and responsible citizens of ‘tomorrow’. Our aim is to teach our students “how to think rather than what to think”. Each child is unique and dear to us as he/she is to you. We aim to inculcate in our students, a sense of national pride integrated with global mindedness. We believe in laying down a strong foundation for multi-dimensional learning, ethical value systems, contemporary life skills and excellence in academics in our students.

The children were full of enthusiasm and zest as the month of March passed by. It was wonderful to have the corridors ringing with their happy voices before they went on their session break. The month witnessed a lot of excitement all over the school campus. Let’s have an overview of the exhilaration of the month gone by.

PRE-PRIMARY SCHOOL

An insight into the world of our little ones....

GRADUATION DAY

Every day do something that will inch you closer to a better tomorrow.

It seemed as if our current academic session 2017-2018 came to an end very soon as we witnessed the Graduation Day of our Kindergarten students. To honour of the time spent together with the babies and send them off to a bright and successful future, we celebrated the Graduation day. It was a moment of pride as well as a little melancholic for the teachers as they let go of the little ones that they had come to love as their own babies. May our little ones have a wonderful journey ahead.

The day was made special and significant by various performances. The Ganesh Vandana and Fusion Dance added life to the show. Parents of our Kindergarten students, Mrs. Aradhana and Mrs. Shandilya shared their experience with the School and gave a feedback on their child’s development in the school with everyone. It was a pleasure to see the little ones with their Graduation Certificates in their hands.

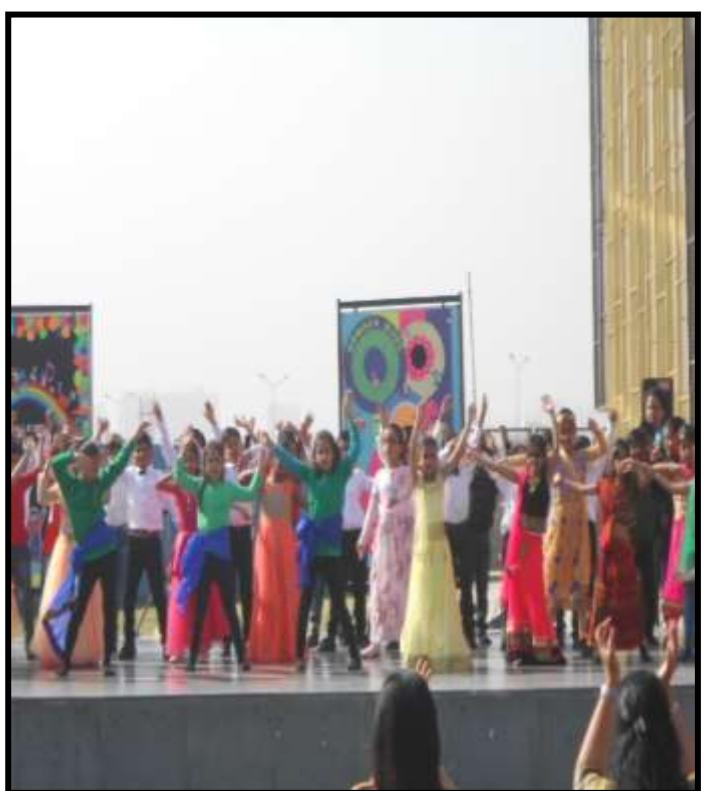

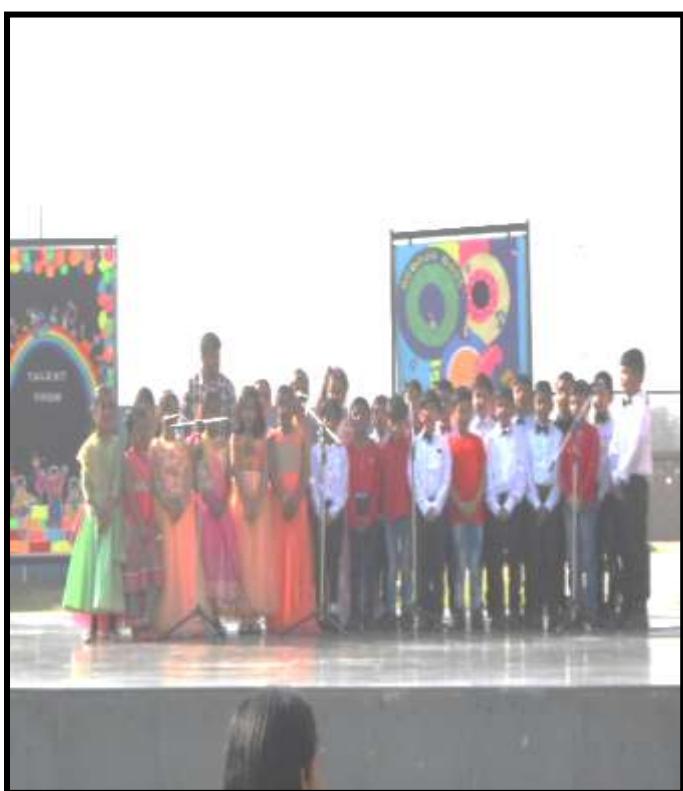

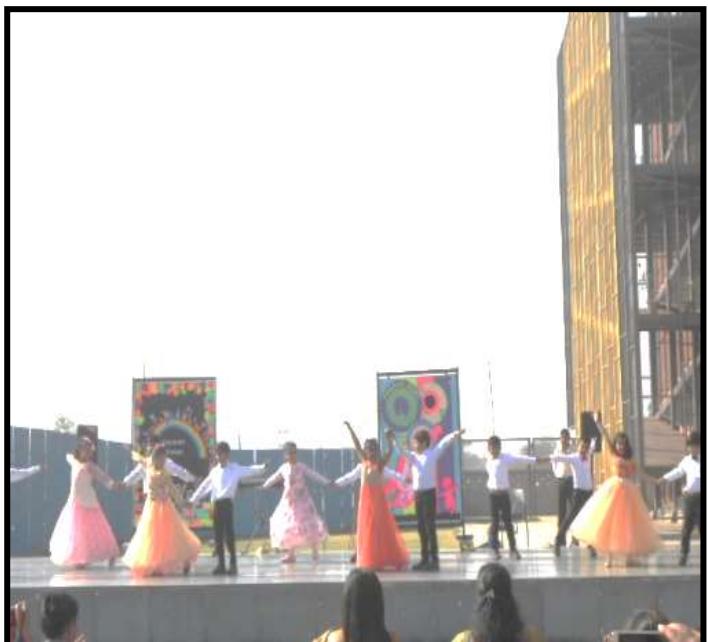

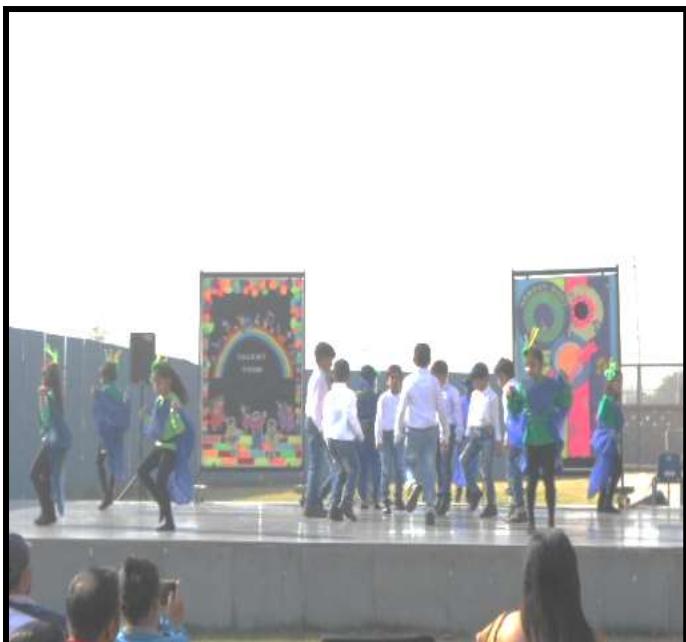

PRIMARY SCHOOL

Talent Show: Grades I and II

We are the change that we seek.

With the aim of nurturing the artistic aptitudes of our students, the first Talent show of Grades I and II titled 'Fusion', was organized in the school. On this delightful occasion, the students showcased their skills and brought out their undiscovered talent through a fusion of various Western and Indian music and dance. Children performed extremely well and everyone praised their efforts. The function brought out the best in our students. They impressed one and all with their ability to blend Indian and Western art forms effortlessly.

FUN TIME!

With the stress of exams getting over, it was now time to have some fun for our students!

Adventure camp to Lohagarh-

“What is life but a grand adventure.”

Going on a school trip means more than simply leaving the school premises, it means spending time with each other and bonding in a new environment. While the purpose is essentially to edify, such trips serve a dual purpose of nurturing young minds and strengthening friendships.

Keeping this basic ethos in mind, an enthralling adventurous trip was organized on Wednesday, March 14 2018, for our

students of Grades I to VII, to experience the simplicity of life at Lohagarh Farms, Gurugram. It was a day full of fun activities wherein our children had no targets and competitions in mind. Students were delighted to explore and experience rural way of life. Some of the key attractions for the kids were Pottery, Camel Ride, Bullock Ride, Tractor Ride, Team-Building Activities, Archery, Shooting, Tug of War, Mehndi, Mud-Bath and much more. All activities were carried under expert supervision by trained instructors using safety measures at all times. For the younger ones, it was a wonderful way to end the session and for the older children, it was a good stress reliever after the term exams.

The trip was a memorable one, which encouraged the students to keep alive the memories of our old legacy.

SPORTS BUZZ:

Let's play on!

In every sport, players are remembered for their sportsman spirit. Cricket is no exception. Our Principal exhibited her batting skills by enthusiastically participating in the T-10 matches that were held in school. The cricket fever gripped everyone without exception and each one showed their prowess on the field. The nail biting finish kept the audience on tenterhooks till the last ball. With a promise to replicate the exercise in the new session, the students went off for their session break.

HARDWORK ALWAYS PAYS OFF!

Our students appeared for Olympiad exams. Through this process we identified some of our young geniuses. These competitions help students compete with each other in a healthy manner. Our students made us proud in the International Cyber Olympiad.

Olympiad Results:

1. ICO (International Cyber Olympiad)

Sr.No.	GRADE	PARTICIPANT	POSITION
1.	I	<u>Sparsh Aashi</u>	Medal and certificate of distinction along with Certificate of Zonal excellence. School Rank I
2.	I	Vedaang Tiwari	Gold

PARENT FEEDBACK: YOUR OPINION MATTERS

Parents of Grades I & II were invited to school to be a part of the 'Talent Show' of their little ones. This is what they had to say about their experience:

We felt good to attend the Talent Show by children grade 1 and 2 on 08/03/2018. I sincerely appreciate the quality time put in by the Principal, class teacher and other teachers involved in the same. The vision and mission values are intact and I can see the translation through it.

The hard worked put in by each one of you is magnificent and is always adding in children. This was one of the best event I have attended.

You deserve the mail for appreciation for this event organized and also on core values you keep, I think this will always add to DPS Sec 84 glory and grace.

I remember a true line: "Some schools expect from child to be an all-rounder, but you don't expect you really build that in a child". I see these values here, believe me it's a greatest thing you are doing!!

Ashish Panwar/ Pragya Arya

ACTION PACKED APRIL:

We have come to the close of this academic session and it's time to gear up for the next. With an optimum blend of modern pedagogies an exciting month awaits the students which will be full of learning, events and various activities.

We look forward to a fruitful and productive Session 2018-19!
