## CHILDREN'S DAY

**CLASS: I and II**

Childhood is the most important phase of human life. We grow, we learn, we have fun. Even though we are dependent on elders for many things, our minds are free. It is the only carefree time of our life. We forever cherish this and that's why we try to give our children the best possible childhood memories to cherish for a lifetime.

To celebrate this, the Grade 1 and 2 kids went for watching a movie show of "Lyle, Lyle Crocodile" at the nearest movie theatre. Children enjoyed the study free school day. They danced and sang with Lyle, the crocodile. The accompanying teachers too had a fun time with our little ones along with the munching on popcorn.

As there is no end to learning and each experience helps us all to learn. The outing was then taken up as a recap come learning session by making the students undertake a movie review activity in the form of a worksheet.
