## **INTERNATIONAL DEMOCRACY DAY**

The students of Grade IV-D presented an assembly on 'International democracy Day '.

Democracy is a universal value based on the freely expressed will of people to determine their own political, economic, social and cultural systems and their full participation in all aspects of life. Our support for International Democracy Day stems from our core belief that democracy requires the participation of all citizens. The occasion of International Day of Democracy holds much importance for the world's largest democracy, India. The students of Grades IV D of DPS-84 marked this day with a special assembly. They prepared an informative skit depicting the lack of democracy rule in various countries and how democracy is important for the growth of a nation and the world as a whole. Young minds also presented speeches on the importance of celebrating such a day. The assembly ended with a pledge to uphold the values of our Constitution - the written testament of our democratic existence.

## ORANGE COLOUR DAY

"Colours are the smiles of nature. So, is the colour Orange."

As the kids grow so do their knowledge towards things around them. The young minds are always fascinated by the colours & also enjoy them, Keeping this in mind we celebrated another colour day "ORANGE COLOUR DAY" for Nursery kids. The kids identified various orange colour objects and spoke few lines on them. They indulged in a Tearing and Pasting activity on carrot during the session. All the kids were shining in their orange colour dress and they enjoyed the session thoroughly.

# ORANGE COLOUR DAY

## GANESH CHATURTHI

Ganesha Chaturthi is the festival that honours lord Ganesha. As the god of beginnings, prayer is offered to Lord Ganesha for any obstacle to be removed. Today our little toddlers of Nursery celebrated Ganesh Chaturthi and invoked God Ganesha for blessing them with good learning as they embark on their journey of education. To mark this occasion, kids made Lord Ganesha with the help of sponge printing and clay. A story-telling session by the class teacher added more colour to the celebration. All the children danced on song Oh My Friend Ganesha song. Kids enjoyed the celebration and had a lot of fun...

## GANESH CHATURTHI

## SHOW N TELL

Community helpers play a vital role in our society by providing essential services that keep our communities safe and functioning smoothly. In the spirit of promoting awareness about the vital role of community helpers, a 'Show and Tell' competition on \*COMMUNITY HELPERS\* was conducted for Nursery kids. Students were dressed in different attires for Roleplay which helped them to be aware of important people in their neighbourhood and community. The objective of conducting such activities is to allow the students to identify different types of community helpers and their tools. This activity was also a perfect way of improving the children's speaking skills and vocabulary along with enhancing their emotional and social skills. Students enjoyed playing their roles and learnt about the roles and importance of different community helpers.

## STORY TIME

Storytelling is an effective tool for learning and development in Kids. Storytelling for kids creates empathy in them, helps with their brain development, and lays the groundwork for the development of social, communication, and interpersonal skills. Today the kids of Nursery had a story telling session on the topic \*Obey Your Parents\*. Teachers narrated a value based interesting story to the children. Kids learnt the lesson that they should always listen to their parents. Kids were engaged in the session and enjoyed it.

## ASSEMBLY

" The solar system is completely wide open. Almost anywhere we go, I'm sure we could learn a lot. "

Today the tiny tots of DPS Sector- 84 has taken us to the wonderful journey of Solar system during the morning assembly. It was an adventurous and informative session regarding the sun , the eight planets and their satellites.

# ASSEMBLY

“If we wish to rebuild our cities, we must first rebuild our neighbourhood.”

It is always nice to watch our kids perform in the assembly. And if the topic is as interesting as our neighbourhood then the creativity and enthusiasm of the participants reach a level which is bound to be admired by the audience. The students started the prayers followed by a beautiful thought and the pledge. The presentation on the theme ‘Our Neighbourhood’ was done with the help of different props which depicted the different places around and their user in the society.

# ASSEMBLY

## ASSEMBLY

Good transportation promotes business ventures by enabling the workforce to move around **safely** and quickly. Each day and at every moment, the importance of transportation is apparent. The whole political, social, economic well-being of a nation relies on a well-organised transport system. Transport in India is an essential factor that impacts the development of the country. Transportation is an essential part of our world. It is the basic infrastructure and its development is directly proportional to the development of the country. Transport helps in improving connectivity within and outside of the country.

Transportation in India is an essential part of trade and the economy. India has transportation by road, water, and air. This includes railways which were solely introduced by the British for the purpose of trade. Over time, India has developed its transportation to ensure better connectivity between people and also to ensure economic growth. Children of class prep -B, conducted assembly on 18th September on different modes of transportation. The effort and participation of students were appreciated, by principal ma'am which further encouraged the students.

## ASSEMBLY

' The Universe is vast, yet we are not insignificant. Each one of us is just as much a part of the totality as the venerable tree or a bright star. The Universe is the community of all beings. It is not a He or She or an It. It is Us.'

Class - 1 D

Theme - Planets

Today students of grade 1 performed in the school morning assembly. The theme of the assembly was ' Planets'. They shared some of the most interesting and amazing facts about different planets. Students presented their theme using different props. Students enjoyed and learnt facts about different planets which were new to them.

## ASSEMBLY

"There is no such thing as 'away'. When we throw anything away it must go somewhere."

Yes, it is at our helm to throw the garbage responsibly. A lot is talked about the "Wet Waste" and the "Dry Waste", however very little is known about the same. Students of Grade II B made an attempt to spread awareness about Wet and Dry Waste. They demonstrated the segregation of the wastes using real waste materials. A dance performance was also done reiterating the importance of segregating the wastes and throwing them in the Blue and Green dustbins.

## ASSEMBLY

"Darkness cannot drive out darkness: only light can do that. Hate cannot drive out hate: only love can do that."

Class 2A presented the morning assembly based on the theme of peace and Non-Violence. The assembly started with the thought of spreading the message of love and peace. It's important to first discover inner peace by singing prayer songs. Students shared their thoughts on the day and updated the school with national, international, sports news and the weather forecast.

"Peace begins with a smile."— Mother Teresa

A special presentation on the thoughts related to peace, narrated by famous people was presented. In a world filled with conflict, songs about peace can bring hope and happiness to humanity. It's worth remembering that some of the most hopeful, enduring protest anthems have come from especially tense moments in history. Students sang the song "Light a candle for peace" to spread the message of World Peace.

## ASSEMBLY

"Those who are happiest are those who do the most for others."

As rightly said, the students of grade 2 E staged an assembly starting with the Prayer, followed by the Thought of the Day, News, Weather Report, presentation, dance performance, and pledge, (based on the theme – "People We Need") culminating with the National Anthem. It was heartening to see these little ones staging a perfect show.

# EXPERIENTIAL LEARNING

Eating the right food in the right amount is what keeps a person healthy. The key to staying healthy is having a Balanced Diet. This balanced diet can be achieved by following a Food Pyramid which has various foods mentioned in a proportional amount. Digestive System is responsible for breaking down foods and liquids into their basic chemical components like fats, proteins, and carbohydrates.

## EXPERIENTIAL LEARNING

"Tell me and I forget, teach me and I may remember, involve me and I learn."\*

Learning through games is fun and here in DPS to make learning fun for our kiddos, we incorporate interesting games for as a part of Experiential learning. Students of class Nursery learnt about the numbers and community helpers through different activities. In Number games kids identified the numbers 1-5. The Class Teacher also enacted the Hair Salon Dramatic Play in front of the kids to make them understand the work of hair dresser. The children got the opportunity to meet helpers in school and also presented thank you cards to them. Kids enjoyed the activities and learnt the concept in a fun way.
